## WORK STATION ASSEMBLY INSTRUCTION

### Note.:

- All cross member pipes are marked with a sticker at the bottom. As Pipe **B**, Pipe **C** etc.
- While assembly see that the sticker is down and on the right side.
- Fit the level screws on both the main frames **A** & **B**
- First fit all the loose pipes . Put the laminate tops on the supports inside the pipes.
- Now tighten screws from bottom to top.
- Fit the light on pipe top **E**
