The right storage solution for every need

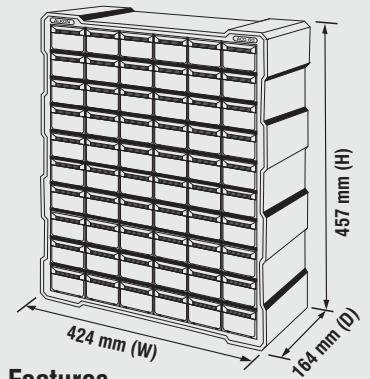

Component Organisers

Ideal for small part storage

- Alkon Component Organisers are the perfect small parts organiser for your item storage needs.
- The Body and frame are made from durable High Impact Polypropylene and the drawers and Partitions are made from transparent Polypropylene.
- The body of the component organisers have heavy-duty reinforced construction.
- Each drawer comes with its own removable horizontal partition, effectively doubling the number of compartments which can be used in the component organiser.
- Stopper is provided on drawer base to prevent spills.
- The component organisers can be screwed directly on a wall with the pre-configured holes on the rear side of the cabinet or mounted on a wall using specially designed frames.
- With the help of clips which can be fitted on the back wall of the cabinet the component organisers can be mounted on metal Louvre Panels having pitch of 38mm using all four clips or with upper two clips on louvre panels having different pitch.
- Transparent Drawers makes it easy to organize and locate the parts stored in the drawers.
- Perfect for storing tools, bolts, screws, parts, crafts, medicines, garment accessories, jewellery and many other items.
- The component organisers are in a two tone combination of Golden Yellow frame and Black body, the drawers and horizontal partitions are transparent.
