Other Products

The right storage solution for every need

- Made from High Impact Polystyrene, these drawer containers are ideal for storing hardware and standard parts inside drawers of tool cabinets.
- These drawer containers are available in 6 sizes.
- These drawer containers when positioned inside the standard tool cabinet drawers make easy and well defined compartments for each type of part stored in them.
- These drawer containers being modular help in organizing the drawers of tool cabinets to store different parts systematically.
- Each Container has a label holder which permit the insertion of labels for easy part identification.
- These containers are available in blue colour only.

Different combination of containers in use.
